FAIZ NUR FAKHRI

Software Engineer | Full-Stack Web Developer (Laravel & Vue.js)

Depok, West Java, Indonesia | +62 813-1846-4206 | Faiz.swh@gmail.com | Languages: Indonesian, English

PROFESSIONAL SUMMARY

Results-oriented Software Engineer and Computer Science graduate (GPA 3.75/4.00) with hands-on experience designing, developing, and deploying full-stack web applications using Laravel, Vue.js, PHP, and MySQL. Successfully engineered an enterprise inventory and distribution management system from scratch in an agile 2-person development team, increasing operational tracking efficiency by 50%. Nationally certified Senior Computer Network Technician (BNSP) with solid foundations in embedded systems (C++/Arduino), system diagnostics, and network architecture. Proven track record of 3+ years delivering technical instruction and code mentorship to 50+ students daily, demonstrating strong technical autonomy, rigorous code review standards, and cross-functional communication.

WORK EXPERIENCE

Software Developer / Programmer Intern **Dec 2025 – Jun 2026**

PT Rekayasa Engineering — Jakarta, Indonesia

- Architected and delivered a production-ready web inventory and distribution system from scratch in a 2-developer team, implementing full-stack MVC architecture with PHP, Laravel, Vue.js, and MySQL.
- Engineered transactional modules for real-time stock logging, item borrowing workflows, and role-based approval pipelines covering corporate, project, and divisional operations.
- Increased inventory tracking and resource allocation efficiency by 50%, transitioning company operations from fragmented manual spreadsheets to a centralized, validated database.
- Collaborated directly with business stakeholders to translate operational pain points into clear technical specifications, database schemas, and responsive UI components.
- Completed the Ministry of Manpower (Kemnaker) certified internship program with the top performance rating of "Sangat Baik" (Excellent) for engineering independence and delivery.

TECHNICAL LEADERSHIP & ACADEMIC EXPERIENCE

Laboratory Assistant & Technical Instructor **2022 – 2025**

ELKOM Laboratory, Universitas Gunadarma — Depok, Indonesia

- Led practical engineering instruction for 50+ students daily across 4–5 rigorous sessions, teaching digital electronics, computer systems architecture, and embedded programming in C++/Arduino.
- Supervised curriculum execution across 3 concurrent laboratory courses, conducting code reviews, troubleshooting hardware-software integration bugs, and assessing student code correctness.
- Co-authored new laboratory practicum modules officially integrated into the Gunadarma University computer systems curriculum, standardizing modern programming practices.
- Demonstrated consistent leadership, technical mentorship, and time management across 3+ consecutive years of academic instruction.

EDUCATION

Bachelor of Computer Science (S.Kom.) in Computer Systems — Universitas Gunadarma **2021 – 2025**

- Cumulative GPA: 3.75 / 4.00 (Graduated with Distinction / Sangat Memuaskan)

CERTIFICATIONS & PROFESSIONAL LICENSES

- **Senior Computer Network Technician (Okupasi Teknisi Utama Jaringan Komputer) —** Badan Nasional Sertifikasi Profesi (BNSP) & LSP Gunadarma | 2025–2028 (Reg. No: TIK.705.07126.2025)
- **Certified Programmer Internship Program —** PT Rekayasa Engineering & Ministry of Manpower RI (Kemnaker) | 2026
- **Gunadarma Technical Certifications —** Wireless LAN (2025), Microcontroller Programming (2024), Network Fault Detection & Recovery (2024), Routing (2023)

TECHNICAL SKILLS & COMPETENCIES

- **Web & Backend:** PHP, Laravel, Vue.js, JavaScript (ES6+), MySQL, HTML5, CSS3, Tailwind CSS, RESTful APIs, MVC Architecture
- **Systems & Networking:** BNSP Senior Network Technician, C++/Arduino Embedded Systems, Routing & Switching, Network Diagnostics
- **Tools & Engineering Rigor:** Git, GitHub, VS Code, Linux CLI, Code Review, DaVinci Resolve | Indonesian (Native), English (Proficient)
